HISTORY OF THE BETHANY CHURCH

www.bpunitedchurch.com

Before 1872, Methodist and Presbyterian
church services were held in a barn. In 1870 a
little white frame building was built as the first
Methodist Church. It was enlarged in 1899-
1900, during the ministry of Reverend Thomas
Brown. In 1925 Church Union occurred, and it
is now known as the Bethany United Church.

B OLD GRAIN ELEVATOR

The Pontypool Grain Elevator, built in 1918, is one of two freestanding grain elevators in Ontario. It is in the village of Pontypool, beside the CP Rail track. Donated by CP Rail to the Manvers Twp. Historical Society, it will become a tourist information centre and museum and recognize the Jewish citizens who summered in Pontypool 1920-1960. Beside an old shed are the foundations of the old train station with the original tracks still in place.

Manvers Township Historical Society representatives will be on site to answer any questions.

25 Pontypool Rd (County Rd 12), Pontypool: From Hwy 35, turn east onto Pontypool Rd 12.

Inspired by the perfection of nature, Kyla uses natural elements with ethically sourced precious metals and gemstones to create handmade silver and gold jewellery. Often examining the undesirable, odd, or mundane aspects of plant life, Kyla utilizes the technique of organic casting to immortalize cedar sprigs, maple keys, twigs, and seed pods to create unique pieces of wearable art.

D DAVID MEHEW

705.742.7597

My painting experience began 25 years ago, when I discovered an art studio in Bobcaygeon. I was extremely fascinated watching the artist painting a scene. I've worked in graphite, oil, acrylic and watercolour. I'm interested in all subjects, but particularly enjoy painting people, trains, and animals. To me, painting is relaxing and allows me to express my creativity.

E WILLIAMS DESIGN STUDIO

Paul and Beverley Williams · www.williamsdesignstudio.ca
705.277.2666 · info@williamsdesignstudio.net

In 1977, Paul and Beverley fell in love with the old (1912) general store in downtown Bethany, and it became their working studio and gallery. Together they design and create fountains, garden art, and unique wall art in leather, metal, and wood. Take a tour of their Secret Garden, and see a dozen different water features, real frogs, fish, flowers and hidden faeries.

1470 Hwy 7A, Bethany: South side of Hwy 7A (main street) in downtown Bethany.

E WILLIAMS DESIGN STUDIO

This wonderful old early Ontario General Store was rebuilt in 1912, after the 'Great Fire of Bethany' in Nov. 1911. In 2022, it was designated of 'historical importance' because of the 'boom town' front with the 'butcher' and 'grocer' panels which the Williams' have restored. It is one of a very few buildings still in use of this architectural style left standing.

F MANVERS RESEARCH CENTRE (OLD BETHANY POST OFFICE)

This is the oldest, restored, free standing post office in Ontario. Built in 1878, it was first used as a grain office for the Midland Railroad. From 1902 to 1919, J.J. Preston, Conservative MPP, Durham East, had his constituency office here. In 1911 it was moved to make way for a new rail line. From 1938 to 1983, it was a Canada Post Office. In 1985 it was moved back from Highway 7A and purchased by Manvers Twp Historical Society, and is now the Manvers Research Centre. Manvers Township Historical Society representatives will be on site to answer any questions.
